

SEND YOUR PLANNERS VIA E-MAIL

The E-Mail Sending module of VISUAL PLANNING has been released several years ago. It is now more powerful than ever in the 4.4 release of VISUAL PLANNING.

From the VISUAL PLANNING interface, the module allows you to send all or part of your schedules via E-Mail. It is quick and easy to use, compatible with all messaging systems and only needs one technical prerequisite: be able to access to an smtp server.

Your need

- * Notify a colleague about a change in his schedule next week ?
- * Send their schedule to several colleagues at once?
- * Inform your customers of the progress of their project / site / order ...?

Our offer

- ✓ Many possible type of information to send : properties of an event, complete view" ...,
- ✓ Sending of complete schedules to short messages ...,
- ✓ Customizable patterns,
- ✓ Compatibility with any messaging system.

Your benefits

- ➔ Acceleration in information flow,
- ➔ Increase in your communication capabilities,
- ➔ Independence of recipients vis-à-vis VISUAL PLANNING,
- ➔ Quick ROI.
